Poor Pussy

The players are seated in a circle with "Pussy" in the center. Pussy moves to any individual, kneels and begins to meow. The player must stroke Pussy's head three times and say, "Poor Pussy, poor Pussy, poor Pussy," each time without smiling. Any player who smiles while Pussy is kneeling or acting before him must take his place. Pussy may create humorous situations to make the players laugh.

Gospel Application: Temptations are not to be sought after. Only those with deep convictions and good control can resist them.
